

Dear Friend,

You were more than likely invited to this website via mailed letter or by postcard that you received from us...

That means the chances are good that you are one of the millions of people in the U.S. that have unclaimed money sitting in a government agency waiting for you to get it!

For more info, simply email us at [claims@lbpc.info](mailto:claims@lbpc.info).

You may still be uncertain if there really is such a thing as "unclaimed money".

Sadly, this is a huge deal.... to the extent of being profiled on Dateline NBC, ABC News, Good Morning America, Fox Business, Fox News and CBS News. Here's some startling facts!

- **A total of \$32.877 billion is currently being unclaimed.**
- \$4.686 billion was received in FY 2006 alone from business accounts where contact has been lost with the owners.
- **Only \$1.754 billion was returned to the rightful owners in Fiscal Year 2006!**
- Claims can be made into perpetuity in most cases - even by heirs!

Where do these unclaimed funds come from and where do they go? Here's a small sample of the types of funds that may be waiting to be claimed:

- **Forgotten apartment security deposits**
- Forgotten or unused bank accounts
- **Lost or forgotten uncashed checks**
- Stocks, bonds, dividends and interest and Mutual Funds
- **Insurance checks or refunds**
- HUD/FHA mortgage insurance funds
- **Certificate of Deposits (CDs)**
- Trust funds and Probate
- **Tax refunds**
- Escrow Accounts
- And more!

Banks and other businesses are required to turn unclaimed money like this over to the states and national government for safekeeping. And the thing is they could care less if you find it because they are collecting interest off of that money!

### **Which is why it isn't very easy to track down your unclaimed funds...**

Our team of researchers thoroughly examines government records, books and accounts to discover unclaimed money being held by the various municipal, state and federal agencies

across the country that is rightfully yours. Our firm participates in very sizable audits. Our clients claims range from \$1000 to \$1,000,000.

We do all the work, pay all the expenses and jump through all the administrative hoops to reclaim your money. There is no upfront or out-of-pocket cost to you.

This is a key point for you to understand here. There are quite a few scammers out there claiming to help you find your funds but don't follow through. You should NEVER trust someone that asks you to pay for this service up front!

**We only get paid if we find unclaimed funds for you.** How it works is we will simply get a small percentage of the funds owed to you. It's a really fair trade off for us doing all the work to find the money you never knew you had.

Lancaster Banques P.C., is a company specializing in the location and recovery of unclaimed funds on behalf of individuals, companies, trusts and estates.

You can call our office and talk to one of our friendly representatives right now by dialing **(347) 434-4469.**

You can get all your questions answered and if you feel comfortable having us search for your unclaimed funds, we can certainly help you do that faster and easier than you ever could on your own!

Sincerely,

**Lancaster Banques**
