Prepared for Georgia DCH — Department of Community Health | eRFP 41900-DCH0000123 | February 2026

EDWOSB CERTIFICATION — SUPPORTING DCH DIVERSITY GOALS

Dee Davis Inc. is a **certified EDWOSB/WOSB** under the SBA Women-Owned Small Business Federal Contracting Program. As Georgia DCH selects multiple suppliers for statewide NEMT services, our EDWOSB certification provides socioeconomic contracting value and supports Georgia's commitment to supplier diversity. We bring an innovative, technology-driven NEMT model that delivers better outcomes at lower cost.

COMPANY OVERVIEW

Dee Davis Inc. is a technology-enabled NEMT brokerage and transportation coordination firm. We operate as an **independent broker** — we do NOT provide transportation directly, ensuring complete independence between ride authorization and ride delivery. Our model leverages Uber Health's HIPAA-compliant ride platform for ambulatory trips combined with local ADA-compliant wheelchair-accessible and stretcher transport providers in each region.

Headquartered in Troy, Michigan, we serve multiple states through our scalable technology platform and network-based delivery model. Our approach eliminates fleet overhead while providing statewide coverage from day one.
