## Statewide NEMT Administration — RFP MDH-OCMP-26-24719

Prepared for Maryland DOH — Office of Contracts Management & Procurement | February 2026

### EDWOSB CERTIFICATION + ACTIVE MARYLAND MEDICAID PROVIDER

Dee Davis Inc. is a **certified EDWOSB/WOSB** and an **active Maryland Medicaid provider**. As Maryland consolidates statewide NEMT administration for the first time, our dual status — federal EDWOSB certification plus existing Maryland Medicaid enrollment — positions us uniquely to serve as prime or subcontractor. We meet the 10% MBE participation goal and bring an innovative broker model that improves member outcomes.

### COMPANY OVERVIEW

**Dee Davis Inc.** is a technology-enabled NEMT brokerage and transportation coordination firm. We operate as an **independent broker** — we do NOT provide transportation directly, ensuring complete independence between ride authorization and ride delivery. Our model leverages Uber Health's HIPAA-compliant ride platform for ambulatory trips combined with local ADA-compliant wheelchair-accessible and stretcher transport providers.

As an active Maryland Medicaid provider, we already understand Maryland's Medicaid ecosystem, provider requirements, and member needs. This is Maryland's first statewide NEMT consolidation — we're positioned to help make it successful.
