

A/R FUNDING FOR BANK TURNDOWNS, WORKOUTS, START-UPS

Bankers Factoring has special programs for community banks to help with their not-yet-bankable clients or prospects. Even if you cannot make the loan, you can keep the depository relationship and generate risk-free cash management fees with our Non-Recourse Factoring & Payroll Funding for bank turndowns, workouts, and start-ups.

We understand that depository relations are essential to your Bank as you plant the seed for a commercial lending relationship down the road when things improve.

How Can Your Bank & Bankers Factoring Work Together?

Our Programs

- Non-Recourse Invoice Factoring & Accounts Receivables Funding
- Purchase Order & Trade Financing
