

Why Wait 30, 60, or even 90 Days for Invoices to Pay?

We take the Credit Risk & Pricing that Drops as You Grow

Turn Invoices into Same-Day Working Capital

Everyone you deal with at Bankers Factoring is an owner or is working towards the goal of ownership. Our people care just as much about their business as you care about yours. As fellow entrepreneurs and business owners, we are all in this together, trying to grow our companies the right way. That is one of the reasons we typically take the credit risk for our client's A/R financing. Even at 90-day business selling terms, it is the right thing to do.
