SUBJECT: Proposal for Optimized Delivery Services in Maryland

Dear 3Tone Entertainment Team,

Thank you for the opportunity to provide a proposal for your delivery needs throughout Maryland. DEE DAVIS INC. is committed to offering reliable, efficient, and cost-effective logistics solutions. We have analyzed the list of delivery locations and their corresponding Sam's Club stops and have prepared a fully optimized route designed to minimize time and transportation costs.

To ensure this proposal aligns perfectly with your operational requirements, could you please provide some additional details on the following:

1. **Frequency:** How often will this route need to be completed (e.g., daily, weekly, bi-weekly, or on-demand)?
2. **Start Date:** What is your desired start date for this delivery service agreement?
3. **Delivery Windows:** Are there specific time constraints or required delivery windows for any of the destination addresses (e.g., deliveries must be made between 9:00 AM and 4:00 PM)?
4. **Load/Unload Time:** What is the average expected time required for loading at Sam's Club and unloading at the delivery points? This helps us refine our overall timing and scheduling.

Optimized Route Summary

We have designed the following 438-mile round-trip route, which represents the most efficient path starting from and returning to Aberdeen, MD.

- **Total Estimated Driving Distance:** 438 miles
- **Total Estimated Driving Time:** Approximately 8 hours, 30 minutes

Cost Proposal

The following pricing is based on one complete, 438-mile run of the optimized route described above.

Basis of Costs: Cargo Weight Consideration

This proposal is based on a total cargo weight of 19,200 lbs (8 pallets at 2,400 lbs each). This weight requires a specialized Class 6/7 Box Truck to ensure safe and compliant transport, which is reflected in the market rate per mile and toll costs.

Service	Description	Cost
Delivery Service	Based on 438 miles at a rate of \$1.95 per mile.	\$854.

Required Tolls	Updated toll costs for a Class 6/7 truck.	\$32.00
Subtotal		\$886.00
Incidental Contingency	A 10% fee to cover unforeseen costs such as extended wait times, minor detours, or other on-route incidentals.	\$88.60
Subtotal (with Contingency)		\$974.60
Administrative Fee	Standard fee for logistics, planning, and management.	\$38.90
Total Cost Per Stop		\$1,013.50

Terms and Conditions

- 1. Proposal Validity:** This quote is valid for thirty (30) days from the date of this proposal.
- 2. Payment Terms:** Payment is due Net 15 upon receipt of invoice.
- 3. Weight Contingency:** The quoted price is contingent upon the provided total cargo weight not exceeding 19,200 lbs. Significant deviations may require a price adjustment.
- 4. Incidental Fee:** The 10% incidental fee is a contingency for unforeseen operational costs. Any unused portion of this fee will be credited on the final invoice.
- 5. Additional Charges:** The quoted price assumes a standard grace period of 30 minutes for loading and unloading at each stop. Wait times exceeding this grace period will be accounted for by the incidental fee.

We are confident that we can provide a dependable and professional delivery service that meets the needs of 3Tone Entertainment. We look forward to the possibility of partnering with you.

Please do not hesitate to reach out with any questions or to discuss the clarifying points listed above.

Sincerely,

Dee Davis
