

Uber Health

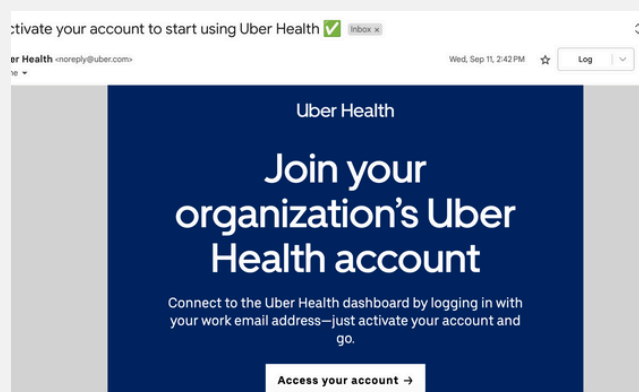

Uber Health is a HIPAA-secure dashboard where you can arrange rides for patients, staff, etc. There are several features to make ride booking as smooth as possible. Please click the link below to register for a free live training session, where our team will cover best practices, reporting, and much more:

Your Uber Health Dashboard →

Getting Started

Check your work email for an email invitation from Uber Health. To avoid connecting your personal Uber account to your organization's account, sign up using your work email address and not your personal cell phone. Rides will not be ordered through the Uber app and instead through the Uber Health dashboard accessed through a web browser.

How to activate your account

1. Check your work email for an invitation from Uber Health.
2. Click the link in the email to verify your work email address.
3. Add the details requested.
4. Sign in to health.uber.com to confirm that you can access the dashboard.

Get started →

How to Book a Ride

1. On the health dashboard, navigate to the upper left corner and press “Create New”.
2. Opt for a one-way or round trip and then enter rider information including first and last name, rider phone number, language preference, trusted contact numbers and the pick up and drop off addresses.
3. Choose an option according to when you would like to order the ride. You can order rides as ‘Pickup Now’ or as a ‘Future Ride - Flex’ or ‘Future Ride - Choose Date and Time’.
4. After appropriate fields are filled, book ride or save as a draft.
5. Navigate to left hand tabs to monitor progress of rides and reference ride cards.

Demo Video >

The image displays two screenshots of the Uber Health interface, illustrating the process of booking a ride.

Top Screenshot: Today's activity

- Care Organization:** Uber Health
- Buttons:** Get Help, PS, Create new (highlighted with an arrow).
- Left Sidebar:** Today's activity (1), Needs attention, Awaiting pickup, In progress, Completed, Upcoming (1), Future activity, Drafts, Past activity, Members, Plans, Providers.
- Main Content:**
 - Today's activity:** Search Full Name for best results, Rides (dropdown).
 - Awaiting pickup:** There are no rides awaiting pickup.
 - In progress:** There are no rides in progress.
 - Completed:** There are no completed rides today.
 - Upcoming:**
- Right Sidebar:**
 - A single tool for better care:**
 - More ride options now available:** More door to door and WAV rides are now available in select cities. See if expanded services are available for you.
 - Unlock new patient level insights:** Create trip policies and track utilization.
 - Prescription delivery:** Delivery to patients from their pharmacy of choice.
 - Grocery delivery:** Give patients easier access to groceries and over-the-counter items.

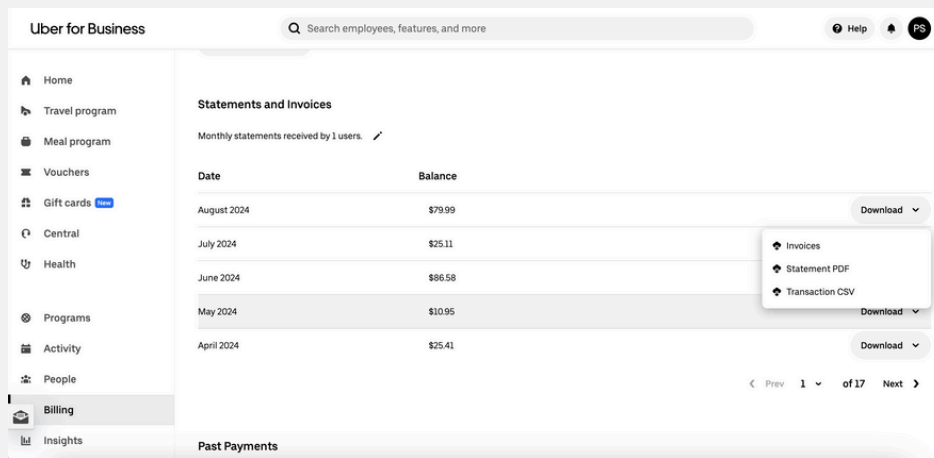

Bottom Screenshot: Who's riding?

- Care Organization:** Uber Health
- Buttons:** Get Help, PS, Create new (dropdown).
- Left Sidebar:** Same as the top screenshot.
- Main Content:**
 - Who's riding?:**
 - Rider first name:** First name, Last name.
 - Rider's phone number:** +1 (000) 000-0000, Mobile (dropdown).
 - Member ID:** e.x. AB-1234567. (Not required for non members).
 - Language preference:** English (dropdown).
 - Automated calling:** Uber will call all riders listed above with trip details - best for riders without mobile phones or who prefer calls. (Learn more).
 - Share trip status:** Send ride updates and tracking to a trusted contact.
- Right Panel:** Map showing the location of the ride, including landmarks like Regal Trace Apartments, City View, Downtown Fort Lauderdale, and various parks and churches.

Business Dashboard for Administrators

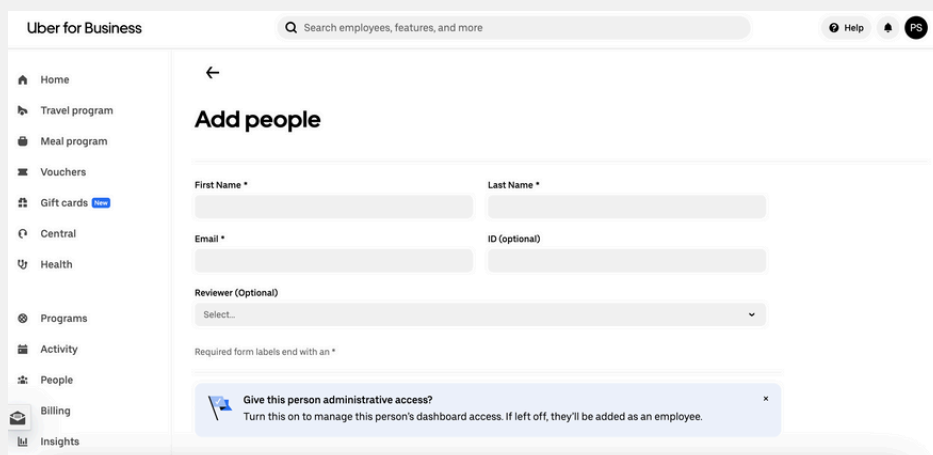

Administrators have access to the business dashboard to manage transportation costs and organize coordinator access in one place. To set up monthly billing for your cost center, send your PO number, Tax ID number and organization's address to your Uber Health point of contacts by requesting with your accounts payable department. Once your billing is set up, you can customize who receives monthly statements.

Your Uber Business Dashboard >

Adding Account Coordinators

1. Click on 'People' from the left side of the Business dashboard screen, then click on Add or Bulk Add.
2. Enter name and email address of the user. Skip the phone number!
3. If the user will have admin access, toggle the administrative access to on and choose Admin from the options.
4. Click 'Continue', check the box of the correct dashboard to add the user to and then press 'Send Invite'.

Uber Health Onboarding Resources

1. Check out our best practices guide for coordinators looking to arrange rides on behalf of others:
